

MRS. STANFORD NOT MURDERED

Jordan and Hopkins Issue a Statement.

STRYCHNINE A MYSTERY

PRESENCE CANNOT BE ACCOUNTED FOR.

Honolulu, March 15.—The remains of Mrs. Jane Lathrop Stanford, who died at Moana hotel here on the night of Feb. 23, were escorted this morning from the undertaking establishment where they have lain since the morning following the death, to the Congregational Central Union church, where funeral services were conducted.

Bertha Berner and May Hunt, secretary and maid respectively to Mrs. Stanford, were present at the funeral, each in deep mourning. Mrs. Berner especially displayed intense grief.

At the conclusion of the services, the funeral cortege proceeded to the wharf, and the remains were placed on board the steamer Albatross.

Miss Bertha Berner and Miss May Hunt were escorted on board the vessel by Deputy Sheriff Rawlins.

From Jordan and Hopkins.

President Jordan and University Trustee Timothy Hopkins also followed the remains.

The following joint statement, signed by Dr. Jordan and Mr. Hopkins was left with Judge Smith, with instructions to release it after the sailing of the Albatross.

"In our judgment, after a careful consideration of all the facts brought to our knowledge, we are fully satisfied that the death of Mrs. Stanford was not due to strychnine poisoning, nor to intentional wrong done on the part of any one.

"We find in the statements of those who were with Mrs. Stanford in her last moments no evidence that any of the characteristic symptoms of strychnine poisoning were present.

"We think it is probable that death was due to a combination of conditions and circumstances. Among these we make note, in connection with her advanced age, the unaccustomed exertion, the surface and unsuitable exposure, the exposure during the picnic to which she went on the day of her death.

"These conditions were perhaps somewhat aggravated by the presence of strychnine and possibly also by the presence of the small amount of strychnine contained in the dose of carbonate of soda.

Strychnine Not Explained.

"The occurrence of this strychnine in the bicarbonate of soda has not yet been explained. The fact that it was not in excess of usual medicinal proportions suggests that its presence was due either to the error of the pharmacist, or that the combination was prepared for tonic purposes.

"We must recognize that the preliminary hypothesis of accidental poisoning seemed a natural one, and that under ordinary circumstances, we regard it, however, as being without foundation and wholly incompatible with the facts of our case.

"We cannot express in too high terms our appreciation of the generous sympathy and friendly hospitality shown by all the people of Honolulu, and the help which has come in contact. We came to Honolulu on the saddest of errands and leave with the warmest feelings of gratitude towards this beautiful island, this generous-hearted people and its helpful and sympathetic citizens."

HER FAREWELL VISIT

Mrs. Chadwick Taken to Her Former Home on Euclid Avenue.

Cleveland, March 15.—Mrs. Chadwick, accompanied by two deputy United States marshals, left the county jail today in a closed carriage and was driven to her old home for a farewell visit.

With the exception of \$500 worth of personal effects, exempt from the claims of creditors, all of the furnishings and other personal property in the house will be sold at public auction by Trustee Loefer next Friday.

Mrs. Chadwick was granted permission by Judge Taylor, of the federal court, to visit her home today to decide upon what property she would retain. It is widely known that she is ailing.

Immediately upon entering the sumptuously furnished residence she broke down and wept bitterly. It was her first visit to the house since last November, soon after which she fled for New York.

When Mrs. Chadwick had finally regained her composure, she began a tour of the house, selecting such articles as she desired to keep. She encountered Dr. Chadwick, husband and wife at first merely smiled and nodded and then in a few moments shook hands. Only a few words were exchanged. Dr. Chadwick had not seen his wife for two months when he last visited her at the jail.

Mrs. Chadwick selected between \$1,000 and \$2,000 worth of personal property, which she claims to be exempt from the state. Almost all of this was wearing apparel, and the remainder was jewelry.

Bankruptcy said that she would retain each and every selection. Mr. Loefer said: "Mrs. Chadwick selected very few articles of the twenty-five women, which the creditors may consider very few."

Before leaving the house Mrs. Chadwick again broke down and gave way to tears. She was allowed five minutes with her husband, who only for a moment showed signs of affection or feeling for her.

Repeating to her that she knew that he was absolutely innocent of any charges against him, Dr. Chadwick said: "I hope you will be able to get the charges against you."

When the time came for her departure Mrs. Chadwick was escorted to the carriage and returned to the jail.

CONTEMPT CHARGES.

Colonel Dies Not Satisfied With Escaping Trial.

Riverside, Cal., March 15.—T. E. Gibbon, general counsel of the San Pedro, Los Angeles & Salt Lake Railway company, was today cited by Judge Noyes of the superior court to appear before him and show cause why he should not be punished for contempt of court and of conduct unbecoming an officer of the court.

The charge was filed with Judge Noyes by Colonel J. W. P. Dies, former purchasing agent of the Salt Lake railway company, and grows out of the charges made against Dies in connection with the alleged frauds in the conduct of the right of way affairs of the Salt Lake road, on which indictments against Dies were recently returned by the Riverside grand jury and later dismissed.

Dies charges that Gibbon unlawfully influenced the grand jury. The hearing was set by Judge Noyes for April 5.

WE ARE PROUD

Of the many wonderful cures that have been effected by the use of Hostetter's Stomach Bitters, the past 50 years. Thousands of grateful letters have been received testifying to its goodness. What has it done for you, sick folks it will certainly do for you. Try a bottle. It cures Poor Appetite, Colic, Cold, Croup, Torpid Liver, Constipated Bowels, Indigestion, Dyspepsia or Malaria, Fever and Ague.

LACK OF FUNDS MAY BRING PEACE

New Russian Loan Held Up in France.

KUROPATKIN WILL RETIRE

TO BE SUCCEEDED BY A GRAND DUKE.

St. Petersburg, March 16, 6:25 p. m.—At the ministry of finance it was said today that negotiations for a new Russian loan of \$125,000,000 in France are expected to be concluded and signed in Paris in ten days.

The representatives of the Credit Lyonnais and Banque de Paris et des Pays-Bas, who have been here in connection with the negotiations, left St. Petersburg yesterday. It is pointed out, however, that this does not mean that the negotiations are broken off, the same procedure being observed in the case of \$150,000,000 loaned last spring when, after the negotiations at St. Petersburg, the representative returned to Paris, where the contract was signed.

Nevertheless, the Associated Press is in a position to assert that the Russian financial position is pressing for peace, justifying their attitude on the ground of the enormous French commitments in Russian funds and these Russian events in Manchuria.

Since the news of General Kuropatkin's defeat, their attitude might exercise great influence on the ultimate decision of the government.

The peace party is now distinctly taking the position that the easiest and best manner of concluding the war is through a peace conference with Japan for the mutual definition and protection of the interests of both countries in the far east.

The difficulty of the Japanese alliance, with which Russia is at the way at present, could be overcome by a secret clause providing that the alliance go into operation when the old alliance expires.

PARIS TALKS PEACE.

Postponement of Loan May Mean End of War.

Paris, March 15.—The postponement of the Russian loan is definitely confirmed. This is likely to exert a powerful influence toward peace, as it is the first time the French financiers have shown an indisposition to advance funds while the uncertainties of war continue. The following details of the postponement are from an authoritative source.

"A committee representing the syndicate of French underwriters went to St. Petersburg to arrange the conditions with the minister of finance, and a contract was drawn up for a \$125,000,000 loan, taking the form of treasury bonds, and was to be paid in 5 per cent. The contract was then brought back to Paris for the approval of all the underwriters. In the meantime the disastrous events in Manchuria, naturally aroused doubts on the part of the financiers as to whether Russia should make peace or pursue the war.

"The influence of the financial elements was almost unanimous for peace, but Russia's disinclination to consider peace appears to have been the deciding factor in the decision not to proceed with the contract and accordingly the signing of which was expected yesterday, has been postponed, and all the pending negotiations are also postponed.

Will Wait for Peace.

According to the Russian view this does not mean that the negotiations have been broken off, but merely that they are adjourned until the Russian authorities say the syndicate holds itself bound toward Russia now as before. However, the postponement of the loan journey tend to show that the syndicate intends to wait for some definite development of peace before proceeding any further.

It is authoritatively denied in the highest Russian quarters that the French government exercised any pressure toward preventing the increase of French holdings of Russian securities. Nevertheless, it is probable that some members of the government, acting individually, voiced the prevailing view that caution was desirable.

Since Mr. Rouvier has combined in himself the presidency of the council of ministers and the ministry of finance, the government has indirectly exercised strong influence on private financial affairs. It is significant that the postponement of the loan is coincident with a strong movement of the influential French press favorable to peace.

The Matin prominently displays a statement believed to reflect the views of financial circles which declares that if Japan is ready to adopt a generous attitude by waiving an indemnity or imposing any humiliation upon Russia, then Russia's policy of war to the end will cease. It is noticeable that some of the Russian officials speak approvingly of the latter proposition. They say peace is impossible if an indemnity or humiliating conditions are asked, so that the elimination of these two points will go far towards securing favorable consideration of peace.

ROTHSCHILD'S VIEW.

Great Money Lender on Russian Loan.

London, March 15.—Lord Rothschild regards the postponement of the Russian loan tantamount to a refusal on the part of the French syndicate to treat any further.

"After all," he said, "it cannot be a matter for surprise. It is owing to the force of circumstances and to the fact, to the result of pressure on the part of the French government in the interest of peace. Between \$250,000,000 and \$2,000,000,000 of French money is invested in Russia.

"There is nothing more natural than that at the present time the affairs of Russia in the state that they are both at home and abroad, that it should be difficult at last to find subscribers for the loan."

That is all. I think it is force of circumstances and not pressure tending to peace on the part of the French government. The French know that to continue the war means a revolution in Russia, and to cease it now under the present conditions means a revolution.

Lord Rothschild thought it was difficult to say where Russia would find the money to continue the war.

GOVERNOR FRAZIER WILL GET THE TOGA

Nashville, Tenn., March 15.—The Democratic party today named Governor James B. Frazier to succeed the late Senator Bate. Governor Frazier was nominated by acclamation. Ex-Governor Robert L. Taylor and ex-Governor Benton McMillan refused to go into the caucus. The nomination is equivalent to an election. Mr. Frazier will be succeeded as governor by John T. Cox, speaker of the state senate.

DATE OF TRIAL SET.

New York, March 15.—Nan Patterson will be put on trial once more to answer a charge of murdering Cassius Young, the well-known bookkeeper. This decision was reached today. The trial will begin April 10.

NO SHOW FOR THE TREATY

Roosevelt Got His Foot in It in Santo Domingo.

SCHEME TO LET IT SLEEP

THEN TRY TO MUSTER ENOUGH VOTES LATER.

WASHINGTON, March 15.—Hope has been abandoned of ratifying the Santo Domingo treaty at the present session of the senate. The treaty is not dead, but will be laid aside for a few months. Senator Culver of Illinois, chairman of the committee on foreign relations, who has charge of the treaty in the senate, has expressed since the debate opened on Monday that it would be scarcely possible to secure favorable action upon it at this time. Senator Culver and other senators talked with the president today about the matter and all the indications are that no definite action on it will be taken at present. Senators on both sides of the chamber manifest a desire for more explicit information regarding some of the phases of the Santo Domingo question before passing upon the treaty.

TELLER'S RESOLUTION.

Demands That All Papers Be Sent to the Senate.

Washington, March 15.—When the senate met today there was a very interesting flurry over Santo Domingo affairs.

Mr. Teller (Colo.) introduced a resolution of inquiry asking the state department for all information concerning relations with the Dominican government between July 1, 1904, and March 1, 1905.

The reading of the resolution had scarcely begun when Mr. Culver objected to further reading, saying that the matter pertained to executive session business and should not be read in open session.

"The senator cannot take me off the floor," declared Mr. Teller, "I deny the right of the senate to interrupt the reading of the resolution."

Mr. Culver maintained that he had a right to inquire into the nature of the resolution to ascertain if it belonged to open session or to executive business.

"You cannot prevent the reading of the resolution," asserted Mr. Teller warmly.

Mr. Keen suggested to Mr. Culver that he move to proceed to the consideration of executive business, but Mr. Teller had the floor and was insisting that his resolution should be read.

"Commence at the beginning and read it all," directed Mr. Teller, and the clerk did so. The resolution follows:

"Resolved, That the secretary of state is hereby directed to send to the senate for use in executive sessions copies of the instructions given to Commodore Dillingham and Minister Dawson, or either of them, regarding Dominican affairs, and copies of all correspondence and telegrams relating to Dominican affairs, or relating to any proposed agreement, protocol or treaty between the United States and Santo Domingo from July 1, 1904, to the first of March, 1905."

"I object to its present consideration," Mr. Culver promptly said.

"That is the right of the senator," said Mr. Teller. "I wanted this resolution to go upon the public records. The information asked may be sent to the senate for use in executive sessions if the president so desires. It is part of the public records and not a part of the secret archives of the executive department. I know that any senator or representative can have access to it, but I want it for the use of the senate."

The senate then went into executive session.

ANNEXATION PROPOSED.

Extended Argument Made by Heyburn of Idaho.

Washington, March 15.—Soon after the senate went into executive session today Senator Heyburn (Idn.) made an extended argument in favor of the annexation of Santo Domingo.

At the beginning of the last congress Senator Heyburn introduced a resolution for annexation and supported it at that time in a speech. Today he declared that the destiny of this as well as other islands of the Caribbean Sea, under the control of the United States, was in the hands of the Philippine division of the island. Senator Heyburn favored the pending treaty because it was in the direction of annexation. During the last session he made references as to the disposition of the treaty.

He was positively asserted by the Democrats that there were not sufficient votes to ratify it, and the Republicans generally conceded that such was the situation. Senator Heyburn, a Republican, mostly members of the committee on foreign relations, do not take kindly to the idea of abandoning the treaty at once and say they believe the debate should go on for some time. Other Republicans think that a vote should be taken and say they believe the debate should go on for some time. They say peace is impossible if an indemnity or humiliating conditions are asked, so that the elimination of these two points will go far towards securing favorable consideration of peace.

The idea which meets greatest approval now is that arrangements will be made by the senate to acquire during the recess of congress all information concerning Santo Domingo affairs that the senate may desire in order that it may pass upon the treaty in a way satisfactory to itself. When the foreign circumstances and conditions are all the members present the treaty will be taken up and considered in the light of the developments at that time.

In view of this last understanding, it is quite probable the senate will adjourn tomorrow or Friday. It is known that general senators have made arrangements to leave Washington the latter part of this week.

After the president had discussed the situation of the treaty with the senators who had called at the White House, he had a conference with Secretary Hay and Secretary Taft. No details of the discussion were disclosed.

MONTANA WOMAN IS KILLED

Mrs. C. Calvin of Havre Falls Through Skyline in Pocatello, Fracturing Her Skull.

(Special to The Herald.)

Pocatello, Ida., March 15.—Mrs. C. Calvin of Havre, Mont., was instantly killed by a fall at 7 o'clock this evening. With her husband she was on her way to Goldfield, Nev. They stopped over in Pocatello, taking rooms at the Masonic Temple. In some unknown way, she fell through the skylight into the drug store beneath, fracturing her skull.

ATTACHE AT PEKIN.

Washington, March 15.—The president has decided to send Captain Harry Leonard, United States marine corps, who distinguished himself in the march to Peking, to the Chinese capital as military attaché of the American legation. Captain Leonard will sail from San Francisco about April 1 with Mr. Rockhill, the new minister to China.

STEADY CALL FOR VEGETABLES

Local Markets Well Supplied and Prices Are Firm.

FISH COMES IN FREELY

OYSTERS FROM BALTIMORE IN PRIME CONDITION.

The local vegetable market shows improvement every day. The quality of the offerings received from the coast yesterday was the best several days. Tomatoes are now in fine condition and the supply yesterday was large enough to warrant a drop of 2 cents per pound, the price now being 25c. Green onions and rhubarb also had a conspicuous place in the market, but prices remained firm on the previous day's quotations. The new potatoes now offered are in prime condition, with ready buyers at the prices current for the past three days. It is not likely there will be any drop in the price of old potatoes, for the reason that there is a steady demand for them for seed purposes.

As regards fish, the local dealers have turned out in filling orders for fish, with ready buyers at the prices current for the past three days. It is not likely there will be any drop in the price of old potatoes, for the reason that there is a steady demand for them for seed purposes.
